OFFICE OF GENERAL
COUNSEL

To Whom It May Concern:

I am filing an official complaint against respondent, Hillary Rodham Clinton, for breaking campaign regulations as set forth by the FEC.

In the following pages, I have compiled a list of people who have donated in excess of the 2700 dollar maximum allowed per election from an individual to her campaign. Each person's donations have been carefully listed by the row number that pertains to the original Excel spreadsheet downloaded from the FEC website up to the date 3/31/2016; those from zip code 902** are pulled from the Excel spreadsheet that only lists donations from zip codes 902**, and those from zip code 900** are pulled from the Excel spreadsheet that only lists donations from zip codes 900**. Each person's donations are then totaled beneath.

While these violations are numerous (217 in total), they only encompass two areas in Southern California, a fraction of the possible violations that occur across the nation. The total amount of money that was donated in excess of the contribution limit thus far, from contributors in zip codes 900** and 902**, totals \$273,503.

The law in question is referenced below, and pulled from the "Federal Election Campaign Laws" in section 30116, subsection (a)(1)(A):

§ 30116: Limitations, contributions, and expenditures

(b) Dollar limits on contributions.

(1) Except as provided in subsection (i) and section 30117 of this title, no person shall make contributions—

(A) to any candidate and his authorized political committees with respect to any election for Federal office which, in the aggregate, exceed \$2,000;

(B) to the political committees established and maintained by a national political party, which are not the authorized political committees of any candidate, in any calendar year which, in the aggregate, exceed \$25,000, or, in the case of contributions made to any of the accounts de-

The website itself mentions that due to inflation, the current maximum is \$2700. This is shown on the following page, and taken from the url: <http://www.fec.gov/info/contriblimitschart1516.pdf>

How much can I contribute?

Some of the contribution limits set forth in the federal campaign finance laws are adjusted every election cycle to account for changes in the consumer price index (CPI). In odd-numbered years, the FEC publishes the adjusted limits immediately after it receives the CPI figures from the Department of Labor -- typically in February or March. Until then, the Commission encourages donors not to exceed the limits for the previous election cycle. The chart below lists the limits for the current election cycle. A more detailed version of this chart is available as a stand-alone [HTML table](#) or a [PDF table](#), suitable for printing.
